

Please bring the following to your exam:

- Any insurance cards, including your medical.
- Please bring your current pair of glasses, sunglasses, reading glasses, and/or computer glasses.
- If you wear contact lenses, please have the brand and prescription of your current contacts and know what brand of contact lens solution you use.
- If you take any medications or supplements, please have a current list of the medications and/or supplements you take.
- Please note that you will most likely be dilated at this exam. Dilation makes you light sensitive and can impair your near vision. We recommend that you bring some type of sunglasses. If you don't, we can provide some type of sun protection for you. Some patients don't feel comfortable driving home after, If you are not sure, please bring a driver with you.
